

Lesson Plan: "The Great Pyramid of Giza: A Marvel of Ancient Egypt"

Age Group: 7-12 years

Duration: 45-60 minutes

Objective:

Students will learn about the Great Pyramid of Giza, including its history, construction, and significance. They will understand why it is considered one of the Seven Wonders of the Ancient World.

Materials Needed:

- Video Tutorial: "The Great Pyramid of Giza: A Marvel of Ancient Egypt"
 - Chart paper or whiteboard
 - Markers
 - Printable pyramid templates
 - Craft supplies (colored paper, glue, scissors)
 - Fact sheet about the Great Pyramid of Giza
 - Images or diagrams of the pyramid
-

Introduction (5-10 minutes):

1. Greeting & Introduction:

- Start with: "Today, we're going to explore one of the most amazing structures ever built: the Great Pyramid of Giza!"

2. Brief Discussion:

- Ask students if they have ever heard of pyramids or seen pictures of them. Discuss what they know.
-

Main Activity (30-40 minutes):

1. Watch the Video (5-7 minutes):

- Play the video tutorial "The Great Pyramid of Giza: A Marvel of Ancient Egypt."
- Encourage students to pay attention to the size, construction methods, and historical significance of the pyramid.

2. Discussion & Activities (20-30 minutes):

- **Big and Tall:**
 - Discuss the size and height of the Great Pyramid. Show images or diagrams to help visualize its grandeur.
 - **Activity:** Create a simple model of the pyramid using printable templates and craft supplies.
- **Mysterious Inside:**
 - Explain the internal structure of the pyramid, including tunnels and burial chambers. Describe how ancient pharaohs were buried there.
 - **Activity:** Draw or write about what they think it would be like to explore inside the pyramid.
- **How It Was Built:**
 - Discuss theories on how the ancient Egyptians moved and placed the heavy stones.
 - **Activity:** Build a small model using blocks or craft materials to demonstrate the concept of ramps and sledges.
- **Ancient Wonder:**
 - Explain why the Great Pyramid is considered one of the Seven Wonders of the Ancient World.
 - **Activity:** Create a "Wonder of the World" poster with facts and pictures about the Great Pyramid.

3. Pyramid Facts:

- Provide a fact sheet with interesting details about the Great Pyramid.

- **Activity:** Have students create a fact file or booklet about the Great Pyramid, including illustrations and key points.
-

Conclusion (5-10 minutes):

1. **Recap Key Points:**
 - Review what was learned about the Great Pyramid of Giza, its size, construction, and significance.
 2. **Q&A:**
 - Invite students to ask questions and share their thoughts about the pyramid.
 3. **Reflection:**
 - Discuss why the Great Pyramid continues to fascinate people today and what it teaches us about ancient civilizations.
 4. **Closing Activity:**
 - End with a brief activity where students share one new thing they learned about the Great Pyramid.
-

Extension Ideas:

- **Virtual Tour:** Explore virtual tours of the Great Pyramid of Giza online to give students a more immersive experience.
 - **Pyramid Research Project:** Have students research other wonders of the ancient world and compare them to the Great Pyramid.
-

This lesson aims to make the study of the Great Pyramid of Giza engaging and educational, helping students appreciate its historical and architectural significance.
